**Years of Experience:** I have seven years of experience as a real estate broker and 13 years as a talent agent.

**Greatest accomplishment:** I sold a home on Park Avenue that was once in a terrible fire. My seller lost her husband and all of her belongings including their home of 40 years. We had it partially re-built and I had over 100 showings of the unit until I sold it to a lovely couple.

**Specialty:** My specialty is working with first time buyers, estate and apartments with outdoor space.

**Best Advice:** Do what you love.

**Motto:** Be nice –respectful and professional manners go a long way. Treat people how you hope to be treated.
